Dear [REDACTED],

Thank you very much for taking time to contact me and raising these important issues.

Here is a link to our women's manifesto and you will see that on pages 13 and 14 that we set out our policy on domestic violence. You will see that we have pledged to reverse the cuts to domestic violence services.

I would be very pleased to have my name added as a supporter of Idvas and I will tweet my support before polling day.

I wish you every success in you campaign and important work.

If elected I would fight to keep these issues at the top of the agenda.

Yours Sincerely,

Stuart Tuckwood
